	<h2>Charge Distribution Unit</h2>	Model(s): XCL	

To: **All Authorized Repairers, National Sales Companies and Importers**

Attention: **The Managing Director/Retailer head of business/General Manager. The Service/After-Sales Director/Manager**

Dear colleagues,

To facilitate charging of five AGM or flooded (**not Li-ion**) batteries from a single charger at the same time, the following equipment has been released through Bosch Automotive Service Solutions:

	Charge Distribution Unit – Allows multiple conventional batteries to be charged from a single charger, supplied with a single MPL-50 input lead	
CDU-1 – Charge Distribution Unit	Non-Mandatory	List price €516.29 / £469.34
	1.5 meter output lead from CDU-1 to the battery (available singly, up to five required)	
CDU-1-LS – Output lead	Non-Mandatory	List price €43.09 / £39.17
	Set of four output leads from CDU-1 to batteries (the standard MPL-50 output lead can be used for the fifth battery)	
CDU-1-LS01 – Output lead, set of four	Non-Mandatory	List price €159.08 / £144.61
	Complete kit, MPL-50 battery charger, CDU-1 distribution unit, single input lead and five output leads	
CDU-1-01 – New retailer kit, MPL-50, CDU-I and leads	Non-Mandatory	List price €1,235.38 / £1,123.08

For retailers wanting to charge more than five batteries simultaneously, multiple CDU-1 units can be connected in a daisy-chain to facilitate this.

All tools are expected to be available during May 2020.
